

AMERICAN SOCIETY OF
SAFETY PROFESSIONALS

What Is the American Society of Safety Professionals (ASSP)?

We are the community that protects people,
property and the environment.

We believe:

Safety, health and well-being are
inherent rights of every worker.

We live CLEAR values:

COMMUNITY We aim to provide a welcoming, collaborative environment for all.

LEADERSHIP We exemplify integrity and empower others.

EXCELLENCE We strive always to deliver our best.

ACCOUNTABILITY We are ethical, reliable and trustworthy in all we do.

RESPECT We act with humility, listen to others and foster strong relationships.

To achieve this mission and fulfill our vision:

We work together as a community.

By bringing occupational safety and health (OSH) professionals together to share meaningful and valuable experiences, we support the future growth of ASSP, our members and our profession.

We provide evidence- based guidance.

As the world's oldest safety society and a trusted source of information, we help OSH professionals, workers, employers and policy leaders manage ever-changing risks.

We elevate safety in business operations.

Recognizing OSH is integral to organizational effectiveness, we develop tools and resources for OSH professionals and those in related fields to meet current business needs and anticipate trends.

We Are ASSP

This strategic plan helps us set priorities, focus resources, strengthen operations and reaffirm our commitment to common goals. How will you use your time, talents and expertise to advance safety and build our community?
