

## **Safety 2025 in Orlando will feature can't-miss expo**

PARK RIDGE, IL (May 28, 2025) — Prepare for a groundbreaking showcase of safety innovation as the American Society of Safety Professionals (ASSP) gears up for its [Safety 2025 Professional Development Conference and Exposition](#) in Orlando. Attendees will experience the Society's largest expo in history from July 22-24 at the Orange County Convention Center.

"Our expo isn't just a collection of booths – it's a dynamic hub where the future of workplace safety comes alive," said ASSP President Pam Walaski, CSP, FASSP. "Many professionals attend our conference specifically for this illuminating experience that features the newest personal protective equipment, exciting product innovations and essential professional services that all create safer work environments."

Safety 2025's expo footprint has already surpassed 125,000 square feet, topping last year's record-setting expo in Denver. The growth in exhibition space reflects the fast-paced evolution of workplace safety solutions across today's industries.

Leading the charge as the largest exhibitors by floor space are [Bulwark FR](#), [Ergodyne](#), [Global Glove and Safety Manufacturing](#), [Malta Dynamics](#), [Milwaukee Tool](#), [Moldex](#), [Studson](#), [SureWex](#) and [Veriforce](#).

Those companies will be joined by other prominent names that include [Airgas](#), [Grainger](#), [ISN](#), [National Safety Apparel](#), [Red Wing Brands of America](#), [Superior Glove Works](#) and [VelocityEHS](#), all delivering products to help prevent injuries, illnesses and fatalities on the job.

The Safety 2025 expo will include an expansive ASSP Career Advancement Center that has something for all attendees, not just those seeking a new position. There will be two "Leaders in Safety Tech" zones where exhibitors at the forefront of safety will demonstrate their innovations. The expo will also feature fast-paced "flash sessions" that tackle safety challenges through research, best practices and audience participation.

"Our interactive expo has always been the cornerstone of the overall in-person experience," Walaski said. "It's truly a can't-miss opportunity for anyone with responsibilities that involve worker safety and health."

Now in its 64th year, ASSP's conference draws thousands of safety and health professionals from around the globe. Attendees aim to advance their careers, take advantage of networking opportunities and gain insights from leading-edge education sessions. They also get inspired, entertained and informed by popular keynote speakers.

Safety professionals can [register online](#) and earn 1.5 continuing education units (CEUs) for career development. Groups from the same company can save by contacting ASSP's Andy Kraft at 847.768.3469 or [akraft@assp.org](mailto:akraft@assp.org). ASSP also offers an expo-only pass.

### **About ASSP – Working together for a safer, stronger future**

Since 1911, the American Society of Safety Professionals has helped occupational safety and health professionals protect people, property and the environment. The nonprofit society is based in Chicago's suburbs. Its global membership of over 36,000 professionals develops safety and health management systems that prevent injuries, illnesses and fatalities. ASSP advances its members and the safety profession by providing member communities, serving as a trusted advisor, and elevating safety through workforce development. Its flagship journal, *Professional Safety*, is a longtime leader in the field. Visit [www.assp.org](https://www.assp.org) and find us on [Facebook](#), [LinkedIn](#) and [YouTube](#).
