Standards

Promote safe work environments

Standards

ASSP is a leader in the evolution of voluntary occupational safety and health standards that reflect recognized best practices, both in the U. S. and internationally.

- As Secretariat for multiple projects, we organize the standards development committees
- We serve as the administrator of the U.S. technical advisory groups for ISO 45001 and ISO 31000
- Our Certification and Accreditation Institute certifies companies to an established standard

Standards Topics

ASSP Standards promote recognized best practices that prevent worker injuries, illnesses and fatalities. Our standards portfolio includes:

- Aerial Work Platforms (A92)
- Construction & Demolition Operations (A10)
- Fall Protection & Fall Restraint (Z395)
- Machine Guarding (B11)
- Personal Protective Equipment
- Risk Management & Risk Assessment (Z690, ISO 31000)
- OSH Management (Z10, ISO 45001)
- OSH Training (Z490.1)
- Walking/Working Surfaces
- Ventilation Systems (Z9)
- Confined Spaces (Z117.1)
- Fleet Motor Vehicles (Z15)
- Prevention Through Design (Z590.3)
- Hydrogen Sulfide Training (Z390.1)
- LOTO and Alternative Methods (Z244.1)
- Active Shooter Preparedness (Z590.5)

Advocacy

Elevate the value of the OSH profession

Advocacy

ASSP strives to uphold and elevate the value of the safety profession through innovation, thought leadership, and objective, data-driven, solutions-based safety and health practices

- Latest news & information in OSH Governmental regulations
- State Legislative and Regularity Activity Reports
- Opportunity to get your voice involved in the Governmental Affairs Committee

What ASSP Can Do For Your Organization

- Drive business performance through knowledge
- Reduce the risk of costly fines for non-compliance
- Deliver tools, resources, and examples to address specific business challenges
- Bridge the gap between Safety and the bottom line
- Strengthen the skill set of your Safety team
- Deliver research and data analysis to help show the value & need for Safety Management
